SUBJECT: Project Bordertown

TO: Hq USAF (AFCIN-1B2)  
Wash 25 DC

1. This Headquarters has reviewed the Itek comments on our evaluation of Project Bordertown. We feel that the following items, when provided by Itek, are required prior to termination of the contract:

a. Completion of Mr. Buckland's work on computer support for library and files.

b. Submission of a written report on Control Extension. Mr. Avera stated, during the joint conference on their final report, that the material for this report was available in Boston and could be put in final form in about one week.

c. Additional textual material on the communications problem between photo personnel and the users of photo products.

d. "Calculated" printer resolutions for the SP-10/70 printer and SO-278 film and a general procedure for duping tests.

e. A more detailed discussion on the subject of edge acutance and the effect of edge degradation on dimensional measurement of specific objects.

2. If the above items are furnished in acceptable form we will consider that the statement of work has been satisfied and that this portion of the contract can be terminated.
